EDUCATION

B.Tech	Computer Science & Engineering	VIT Bhopal University	2022-Present	8.96 CGPA
Class XII	Physics, Chemistry, & Mathematics	Race Junior College	2022	89.2%
Class X		Target English Medium School	2020	97.8%

PROJECTS

- EcoChain: Organic Food Supply Chain Traceability***(Dec 2024 - Feb 2025)*
 - Designed and developed a blockchain-based system to enhance transparency and traceability across the organic food supply chain, directly aligning with logistics industry challenges.
 - Leveraged Machine Learning and Web Development to create a secure, immutable ledger tracking products from farm to table, demonstrating skills in building data-driven strategic solutions.
 - Collaborated in an 8-member cross-functional team, contributing to frontend development and system architecture.
- FarmTech: Direct-to-Consumer Agri-Platform***(June 2024 - September 2024)*
 - Conducted market analysis of agricultural supply chain inefficiencies to design a platform that connects farmers directly with consumers, effectively eliminating intermediaries.
 - Developed a full-stack web application using HTML, CSS, JavaScript, and PHP with a MySQL database, showcasing the ability to build and launch a complete product.
 - This project demonstrates an understanding of market disruption and creating value by optimizing existing processes.
- H-Connect: Online Hostel Accommodation Platform***(June 2023 - November 2023)*
 - Identified a key operational bottleneck in college housing and developed a web platform to streamline the room selection, registration, and management process for students.
 - Engineered the solution using a modern tech stack (React, Next.js, Node.js, MongoDB) to ensure scalability and a seamless user experience.
 - Worked as a Front-end Developer in a 5-member team, focusing on user interface and experience.

SKILLS

Business & Strategy	Market Research, Competitive Analysis, Process Automation, Data-driven Decision Making, Workflow Optimization, Cross-functional Collaboration
[2pt] Technical & Analytical	Python, Machine Learning, SQL (MySQL), MongoDB, JavaScript, React, Node.js, Git
[2pt] AI & Productivity Tools	Experience leveraging AI tools for automation and analysis, similar to ChatGPT & Claude

ACHIEVEMENTS & CERTIFICATIONS

- Recipient of the **Reliance Undergraduate Scholarship** in recognition of academic merit.
- Demonstrated **Problem-Solving Acumen** by solving over 200 algorithmic challenges on platforms like LeetCode and GeeksforGeeks.
- Certified in **DevOps Fundamentals, Agile and Design Methodologies** by IBM.
- Completed **AWS Solutions Architect-Associate Certification Program**.
- Secured 82% in NPTEL Exam for **Cloud Computing**.
